PORTFOLIO LINK https://bit.ly/4orCvyY

Interior designer and architectural graduate with five years of experience delivering material-driven, detail-focused interiors across residential, retail, and commercial projects. Skilled in concept development, space planning, and producing complete construction and millwork documentation with a strong emphasis on buildability and finish quality. Known for calm, clear communication, refined material sensibility, and the ability to carry a project from early vision through site execution. Experienced in coordinating with vendors, contractors and multidisciplinary teams to ensure cohesive, high-quality outcomes. (Authorized to work in the United States).

WORK EXPERIENCE

PROJECT DESIGNER
DesignInk Interiors and Architecture
Chennai, India
2023-present(Currently remote)

Led 15+ interior design projects across residential, retail, and commercial sectors - driving concept, detailing, documentation, and final execution.

Developed material-driven design concepts, mood boards, and furnishing schemes with a focus on clarity, craft, and cohesive visual identity.

Prepared construction documents, detailed millwork drawings, and interior specifications, coordinating closely with site teams for accurate execution.

Created and maintained a centralized sourcing and vendor database, improving material selection workflows and project efficiency.

Standardized drawing templates, detailing guidelines, and documentation processes to support consistent team handoffs.

Oversaw site progress and coordination, resolving technical issues on the ground while protecting design intent.

Presented design narratives, material palettes, and FF&E selections to clients, ensuring clear communication throughout each phase.

Specialized in refined, material-focused interiors with strong attention to detailing and buildability.

SENIOR DESIGNER
Auroma Architecture
Pondicherry, India
2022-23 (8 months)
(Sustainable + Indigenous design)

Delivered a full sustainable residential design project remotely, from concept development to final documentation.

Developed a material story rooted in indigenous craft, natural textures, and locally sourced elements.

Integrated eco-conscious detailing aligned with GRIHA green-building principles and environmental considerations.

Produced layouts, detail drawings, and material palettes, ensuring clarity in both design direction and execution paths.

Recognized for clear communication, problem-solving, and strong visual presentation skills.

ARCHITECT/DESIGNER
Taamaesek engineering consortium
Chennai, India
2019-2022 (4 years)

Worked with a 10+ member multidisciplinary team on 30+ architecture and interior projects across commercial, residential, and public sectors.

Contributed to key state projects including TIDEL Park interiors, Thiru Vi. Ka Park redevelopment, and Chennai Metro Rail public squares.

Supported concept design, interior detailing, BOQs, structural coordination, material selection, and preparation of construction and as-built drawings.

Conducted feasibility and financial studies for renovating 20+ government women's hostels in alignment with TNIFMC.

Participated in client meetings and stakeholder reviews, helping maintain clarity and alignment across project phases.

Known for reliable coordination, technical accuracy, and attention to detail in complex project environments.

DESIGN INTERN
Aturvya Architects
Chennai, India
2018 (1 year)

Assisted on 10+ residential interior projects, supporting concept development, detailing, and space planning.

Produced carpentry drawings, millwork packages, and working drawings; coordinated with site teams for precise execution.

Gained hands-on experience in material selection, vendor coordination, and on-site supervision.

Prepared client presentations and visual storytelling, strengthening communication and design articulation.

Built a strong foundation in interior workflows, technical detailing, and project coordination.

SOFTWARE SKILLS

Design and Drafting : Autocad, Sketchup, Rhino(Intermediate)
Visualisation and Rendering : Vray, Lumion, Enscape, D5 render
Presentation and Post-production : Adobe Photoshop, Adobe Lightroom
Documentation : MS office

DESIGN EXECUTION AND COORDINATION

Design & Planning
Spatial planning · Concept development · Mood boards · Material palettes · FF&E selection · Furniture layouts · Luxury interior detailing · Design storytelling

Technical Documentation
Construction drawings · Millwork and carpentry detailing · Interior specifications · As-built documentation · BOQs · Vendor-ready detailing · Drafting accuracy

Execution & Coordination
Site coordination · Contractor communication · Vendor sourcing · Material optimization · Procurement coordination · Quality control · Multi-team coordination

Presentation & Communication
Client presentations · Design narratives · Visual communication · Clear documentation · Cross-disciplinary collaboration

---

EDUCATION

Bachelor of Architecture
Undergraduate Thesis : Popular Culture Hub (Awarded top of class)
Anna University (Chennai, India)
2014-2019
